Member Schools,

It is extremely important that each of you send a copy of the final version of YOUR football schedule to your assigning secretary, if you have not done so. We have been made aware that some district secretaries are unaware of some of the recent changes that have been made since the first schedule was posted.

Although we stressed this at our recent rules clinics, not all of our coaches had to attend those clinics since they had already attended the rules clinic put on at the MPSCA Coaches' Clinic.

Please make this a priority, as our district secretaries have, in many cases, already assigned crews to work games. I know of a couple of situations in which crews were assigned to games that don't exist anymore.

Thanks for your cooperation,
DDrake
